VOLUME CVII.--NO. 191. ALEXANDRIA, VA., THURSDAY EVENING, AUGUST 9, 1906. PRICE 2 CENTS.

Dr. Pierce's Favorite Prescription,

Is not a secret or patent medicine, against which the most intelligent people are quite naturally averse because of the uncertainty as to their harmless character, but is a medicine of KNOWN COMPOSITION, a full list of all its ingredients being printed, in *plain English*, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol, in its make-up. The "Favorite Prescription" of Dr. Pierce is in fact the only medicine put up for the cure of woman's peculiar weaknesses and ailments, sold through druggists, that does not contain alcohol *and that too in large quantities*. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of some of these endorsements will be sent to any address, postpaid, and absolutely *free* if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Don't forget that Dr. Pierce's Favorite Prescription, for woman's weaknesses and delicate ailments, is not a patent or secret medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingredients are printed *in plain English* on every bottle-wrapper; that it is the only medicine especially designed for the cure of woman's diseases that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called "testimonials" ever published for other medicines. Send for these endorsements as above. They are *free* for the asking.

If you suffer from periodical, headache, backache, dizziness, pain or dragging down sensation low down in the abdomen, weak back, have disagreeable and weakening, catarrhal, pelvic drain, or are in distress from being long on your feet, then you may be sure of benefit from taking Dr. Pierce's Favorite Prescription.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

PRANKS OF LIGHTNING

Joseph Seelinger and his family, who make their summer home at the Ocean View cottage near Norfolk, had a miraculuous escape from death Tuesday afternoon about 5:30 o'clock, when lightning struck the house, penetrated every room in the building, encircled both Mr. and Mrs. Seelinger and passed out without inflicting bodily injury upon any of the occupants. The cottage was considerably damaged. The freaks of the bolt are thus summarized by Mr. Seelinger. It tore out the upper front of the cottage, passed through every room in the building, scorched Mrs. Seelinger's body, burned clothing in her hand and on the bed beside her. It hurled Mr. Seelinger from a chair, set fire to bedding in the servant's room-bored its way through doors and walls and spared the Seelinger children down stairs; hurled planks and shingles out upon the bay and upon the roof of another cottage: tore out electric light wires and shook up the building considerably.

The heaviest electrical storm of the season, accompanied by a downpour of rain, passed over the Northern Neck Tuesday afternoon. Lightning struck the White Stone Baptist Church, the steeple being struck, weatherboarding torn off and the carpet around the pulpit torn away. Revival services were being held by Rev. G. Y., Bradley at the time, and the church was filled, but no one was seriously hurt. The barn of Mr. Thomas, at Otawa, was struck and burned. At New Zion Colored Baptist Church, while a meeting was in progress, the church was struck. No one was hurt. A horse belonging to Blaten Gleeson, near Ware, was killed. Rev. Dr. G. W. Beale and Rev. R. A. Thomas were conducting a revival at Menokin. A large tree near the church was struck. In the yard of O. W. Franklin, near Warsaw, the clothesline was struck and a quantity of clothes were burned. P. M. Arnst, near Hague, had two horses killed.

Lightning struck at three places in Winchester and the streets were flooded as a result of a terrific electrical and rain storm Tuesday evening. The tower of Winchester Inn, a big summer hotel, was struck, the roof was torn off the house of Isaac Patton, and the home of Mrs. Peter L. Kurtz was struck. Mrs. Kurtz and her son, Charles, were badly stunned by the bolt. A valuable mare belonging to T. A. Brown, a farmer, of Greenwood, that county, was struck by lightning and killed.

The trial of Galbraith, Gooch, and Haecker, accused of complicity in the lynching of several men at Springfield, Mo., some months ago, after an assault committed by a negro, began yesterday in the Green County Circuit Court. Soon after the trial began J. L. Maxey, one of the regular panel of jurors, received word that his house, fifteen miles west of Springfield, had been struck by lightning, his two children killed, and the house destroyed. He was excused from further service.

ARREST OF LYNCHERS.

Francis J. Cress, a well-known citizen of Salisbury, N. C., was arrested yesterday on a charge of leading the mob of lynchers at that place Monday night at the hands of which three negroes met death. Cress was taken before Judge Long, after which he was committed to jail without bond.

Billy McConeyhead, alias Bully Boy, aged twenty-five years, of Salisbury, was last night landed in jail, charged with participating in the lynching. McConeyhead, it is said, is the man who climbed the tree and tied the rope by which the three men were hanged. He, Geo. Hall, and Cress have been indicted for murder in the first degree. Bail was denied in each instance.

The minimum sentence for the crime is twenty years in the penitentiary. All of the prisoners, however, will be tried for their lives.

In view of current threats to liberate Hall and the others arrested for lynching, the Rowan Rifles were called out to assist the two companies now at Salisbury from Charlotte and Statesville in maintaining order at the jail. The city is now practically under martial law.

Judge Long recharged the grand jury yesterday, instructing them to make a thorough investigation of the lynching and sift it to the bottom. He said he proposed to have court remain in session all summer if necessary to effect the arrest and conviction of all who participated in the mob. This is a hard task, as there is a strong sentiment in favor of the lynchers.

Judge Long said: "The court is informed that a kinsman of the murdered people pleaded with that band of cutthroats and murderers to let the law proceed. Any man who aided and abetted in that lynching was guilty of murder in the first degree. Any man who gave encouragement by word or presence, or took any part in it, was guilty of murder in the first degree. The question now is simply whether the law shall be enforced by the courts or by a mob, and Rowan county shall to a man take a stand on that proposition. When sifted to the bottom, you will find, as I have said before, that no man of character and standing was in that mob. I am going to perform my duty as I see it, and have no fear. I said before I apprehended any trouble that the law of the land is stronger than any local mob. I do not take that back, notwithstanding the shots about my ears that night."

The women of the Salisbury section of the State are thoroughly aroused, and many approve of the lynching. One prominent woman, who visited the scene of the lynching, cut off an ear of one of the victims.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, AUG. 9, 1906.

WITH the arrest yesterday of a number of Philadelphia candy manufacturers war was formally opened on the glucose trust, a subsidiary concern of the Standard Oil Company, and the heartless men who, in order to increase their profits, are willing to place in jeopardy the lives of children, who are their best customers. Firm in his determination to drive poisonous sweets out of the market, Dairy and Food Commissioner Warren has secured special counsel in these cases and will do everything possible to secure the conviction of the men back of the traffic. Among the first warrants served were those against the eastern agents of the glucose trust, who are charged with selling grape sugar, or glucose, adulterated with sulphur dioxide and poisonous coal tar dyes. It is claimed that, besides owning the glucose trust, the Standard Oil Company also controls the output of coal dyes. Agents of the Dairy and Food Department have been busy for some months purchasing samples of candies of various kinds, which have been analyzed by the department's chemists. Of nearly 200 samples the tests have shown that, besides cheap adulterants, they contained sulphur dioxide, which the chemists declare paralyzes the digestive organs, and were colored with coal tar dyes that were poisonous. Upon investigation it was found that many of the manufacturers were being imposed upon by the Standard Oil Company agents, who led the makers of candies to believe that the glucose used as a substitute for sugar was harmless, and that the coloring matter contained nothing deleterious.

SCRANTON, PA., reports the impending consolidation of several of the most important bituminous coal companies, which in the aggragate control 125,000 acres of coal lands, with forty-four mines in operation, and a thousand coke ovens. It will be noticed that the general condemnation of trade combinations has not yielded substantial results. Commenting on the above the Philadelphia Record says:

This fact need not of itself cause regret. The public interests may be safeguarded by the "enlightened selfishness" of the combinations, and in some cases by legislation. These great combinations call for managers of very high ability, and such men are coming to understand better than ever the importance of regarding public rights and conciliating public sentiment.

NOT even the farmers watch the crops with keener interest than the railroad men. Big crops mean plenty of tonnage. The farmers may make up on high prices for short quantities, but the railroads cannot. An officer of the New York Central has been making a rough preliminary approximation of the amount of farm products to be moved, and concludes that the leading products will call for 80,000 more cars than last year, and the railway earnings will exceed half a billion dollars and will be ten millions more than last year. Prosperity is good for another year at least.

WITH an apology offered the attorney who was presenting his argument in an important suit being heard in Arkansas City, Ark., Federal Judge A. B. Grace, formerly a baseball magnate, yesterday adjourned court, invited all present to repair to the ball park, umpired the game between Friar's Point and Arkansas City, then returned to the courthouse, and the case was resumed. If this is not a case of dereliction of duty and malfeasance in office then what is it? Such a man should not hold a position as judge in any court.

SECRETARY BONAPARTE has accepted an invitation to speak on Sunday, August 12, at Allegheny Grove, near Cumberland, Md. His subject will be "Anarchism and Its Remedy." It is, or should be, easy to guess the remedy—a gatling gun.

GOVERNOR HIGGINS says he will stop gambling in New York city if evidence is produced that games of chance are permitted. So say all of them, but the man who will stop gambling in New York city has not yet been born.

The Navy Surgeons' Trial.

The court-martial of Assistant Surgeon Pease, charged with violating his oath by cribbing in his examination for promotion, was concluded yesterday evening in Washington. The court heard the last evidence in the case before 4 o'clock and within a short time a verdict was reached. The findings in the case will not be given out until such time as they reach the hands of Secretary Bonaparte. In the meatime Surgeon Pease will be unaware of whether he has been cleared or convicted. But little evidence was submitted by the defense. Surgeon Pease did not go upon the stand in his own behalf. Instead, he placed in evidence his statement to Secretary Bonaparte covering his side of the case. The same board officers will sit as a court-martial in a similar case against Assistant Surgeon Brown, commencing today at 11 o'clock.

Washington, Aug. 9

Secretary of the Navy Bonaparte will perhaps in a few days' time make known the verdict which was reached yesterday by the court-martial board which sat in judgment in the case of Assistant Surgeon Theodore Normand Pease, charged with violating his oath by cribbing in his examination for promotion. Captain Arrested.

Captain Paradi, of the wrecked Italian steamer Sirio, has been taken to Genoa under arrest. Survivors of the wreck declared that when the ship struck the captain ran to his cabin and, after a look about, shouted: "Everyone for himself," and jumped into the lifeboat. The fight among the passengers with knives and others with weapons to secure places in the boats followed the cowardly act on the part of her commander.

The total number of victims in the disaster is now said to be 272, while 515 persons were saved. The wrecked hull of the vessel will be blown up with dynamite.

A dispatch from Madrid says that the official inquiry made by the naval authorities into the wreck of the Sirio seriously implicates the captain and crew of the steamer for saving themselves, first, abandoning the vessel and causing a panic. The inquiry is expected to lead to severe action on the part of the authorities against those who were responsible for the disaster.

At first it was believed that this might have been used by Dr. Crawford in ending his life, but later it was learned that he had been ill and was using the medicine to ease his pains. Corespondent Saved from Mob.

It had been intended to give Clifford Hooe, negro corespondent in Augustus Hartje's divorce suit, a hearing in Pittsburg, Pa., yesterday, on the charge of conspiring with Hartje and John L. Welshons to defame Mrs. Hartje, but the gathering of a mob of 500 angry men and women who wanted the negro lynched forced the abandonment of this plan, and Hooe was taken back to the county jail.

As he was led from the office of Alderman F. M. King, the mob rushed forward to get to the man who had confessed to defaming Mrs. Hartje for a few hundred dollars, and it took lively efforts on the part of a score of policemen, deputy sheriffs, and detectives to protect the prisoner.

Hooe was so badly frightened he could not speak. The situation was rapidly growing critical, so District Attorney John Robb advised the negro to waive hearing and go back to jail. Hooe unable to speak for fear, nooded his head, and the commitment was hastily signed.

With their prisoner surrounded, the officers made their way through the growing mob. The crowd pushed forward, one woman shouting: "Let me at him! Let me at him! I'll scratch his eyes out."

Crazed by Religion.

Edward Bowler sought death in the mouth of a fiery furnace in Richmond yesterday morning, and it took the combined strength of two men to prevent him from plunging into the roaring fire box of one of the mammoth boilers of the American Tobacco Company's works.

When the seething flames were wrapped about his head and shoulders Assistant Engineer Turner and the colored fireman, Robert Winston, dragged him away. Bowler had been working in the cutting department of the factory for years, and was steady until the death of his sister, Mrs. Jennie Whitehurst, a few days ago, since which time he has been in a melancholy mood.

Shortly after he went to work yesterday morning he left the room where he was employed and went direct to the boiler room, and, without warning, tried to destroy himself in the heart of the white heated furnace.

As soon as the men relaxed their grip on Bowler he once more sprang to the mouth of the furnace and crouched in a position to spring into the fire. He was again restrained, and the engineer, finding that he was already badly burned, called the ambulance and the man was taken to the City Hospital.

Bowler is 27 years old and has many relatives there. Sorrow and sickness unhinged his mind, and for some days he has had a religious mania.

Today's Telegraphic News

Revolution Subsiding.

St. Petersburg, Aug. 9.—News from the provinces today is reassuring. The revolutionary agitation has slackened owing to the wholesale arrests which have been made. It is estimated that fully 2,000 social democrats have been placed under arrest recently.

In the capital everything is quiet. At Moscow the revolutionary movement seems to be checked temporarily.

In the Ekaterinaslov and Poltava districts the peasants are suffering greatly from the famine. The crops have been excellent, but the famine has resulted as the land owners cannot sell their corn even at low prices, and the peasants are unable to pay anything for it. Enormous quantities of corn are simply rotting in the fields, while women and children throughout the districts are starving.

Several German bankers have formed an insurance company to guarantee Russian land owners against losses from agrarian disorders or the expropriation of their land. The directors of the insurance company say the success of their undertaking is assured. If the revolutionists in Russia win in the struggle pending between the people and the government, Germany is sure to intervene and will relieve them of their obligations. On the other hand, if the Russian government is able to retain its position, there will be no expropriation of land and consequently the company will not be called upon to fulfil its guarantees.

St. Petersburg, Aug. 9.—The removal of Admiral Birileff, Minister of Marine, as head of the Russian navy, is understood to be recommended by the court of inquiry which investigated the recent mutiny at Kronstadt. Vice-Admiral Dubasoff is mentioned as his probable successor.

Baseball Affairs.

New Haven, Conn., Aug. 9.—Manager John J. McGraw, of the New York National League baseball team, has secured an option on the New Haven team of the Connecticut League and may take over the entire franchise and pay $10,000 for it at the end of the present season. This announcement was made last night by Manager and owner C. J. Danaher, of the New Haven club, who has recently been in communication with McGraw and has sold him Burke, the New Haven outfielder, and Hannigle, the infielder, for a goodly sum of money, stated variously at from $8,000 to $5,000. It is stated by Mr. Danaher, according to a local authority, that Manager McGraw is after a minor league team where he can make a training school for National League players for the New York club.

New York, Aug. 9.—Umpire Johnstone, who was barred from the Polo grounds by the New York Club, was loudly cheered when he appeared on the field yesterday. There was not the slightest objection to any of his decisions. President Pulliam insists that Tuesday's game will stand forfeited to Chicago and the league will doubtless back him up.

Will Surrender Himself.

Chicago, Aug. 9.—Henry M. Hering, cashier of the Milwaukee Avenue State Bank, closed by the State bank examiner Monday, will surrender himself to the police department this afternoon, according to statements made to newspaper men during the night. He has not been out of the city since Monday, when he arrived here after spending a week's vacation on the lake. He has been at a friend's house while the police of the country have been searching for him. His determination to surrender himself is based on the belief that he will be able to demonstrate to the authorities that he had no part in forcing the bank to close. Hering issued a statement in which he says injustice has been done him and his family by the published accounts in the newspapers. Hering accused President Stensland of overloading the bank with notes.

Will Investigate the Story.

New York, Aug. 9.—District Attorney Jerome is said to be investigating a story that a chorus girl's joke led to the shooting of Stanford White by Harry Thaw. Florenz Ziegfeld, a theatrical manager, says that a chorus girl in one of his shows told him before he sailed for Europe that she and two other girls called at White's studio and finding him not in jokingly told the attendant to inform Mr. White that Mrs. Harry Thaw had called. Mr. Ziegfeld said the girl told him that White, the next day, sent a note to Mrs. Thaw expressing his regret at his absence, and dispatched a basket of roses to her apartments. The chorus girl believed that Thaw saw the roses and read the note. The chorus girl later went to Europe. She may be a witness at the trial.

Geneva, Switzerland, Aug. 9.—William Jennings Bryan, who has been visiting at Zurich as the guest of Robert Hunter, of New York, was banqueted last night by Baron and Baroness Louis Lombard, at their beautiful chateau, Trevano, near Lugano. A dozen prominent Swiss leaders were invited to meet the American statesman. Mr. Bryan made a happy speech in which he compared the smallest and the largest republics. During his stay in Switzerland, Mr. Bryan is making a study of the Swiss constitution. He is spending his leisure hours in the mountains. He has declined to grant interviews to a representative of the Publishers Press. He said: "I had enough interviewing in America to last me for some time."

Arrests of Lynchers.

Charlotte, N. C., Aug. 9.—Two more arrests were made Wednesday night in connection with the lynching of three negroes at Salisbury, Monday night. George Kross and "Bully Boy," white men, were jailed charged under four counts, the first being first degree murder. His lamp went out, and he had no matches, but being familiar with the road, he thought he would have no trouble. After walking for some time, he found he had wandered into the worked-out part of the colliery. He tried to make his way to the foot in several directions, and finally came upon the railroad, that led him to the main gangway. A searching party spent Tuesday night in the mine, looking for him.

A Complaint from Thaw.

New York, Aug. 9.—Harry Thaw is at war with the Tombs caterer, Siegfried Lowenstein. Thaw's complaint in regard to the quality of the food furnished him and its preparations are said to have driven the caterer to the point where he has refused to serve the young millionaire any longer. A part of Thaw's complaint is against the way he is compelled to eat under the regulations of the prison. The prisoners are not allowed to have a knife or fork for fear they might injure themselves, with the implements. When Thaw is fed meat it is cut into small pieces and he feeds himself as best he can. Thaw also complains of the quality of the food furnished him.

As a consequence there was a shortage of supplies. The strikers demand an increase of $10 a month for the mates and 5 a month for other tugboat employes. If the strike continues for several days it is predicted that the shortage of food will become serious enough to affect the whole city.

When awakened she cries: "I must sleep." Her case baffles a score of physicians. Spiritualists say it is a case of trance control; that the spirit exerting the dominating influence is intelligent, and is prolonging the domination beyond endurance and unless a more enlightened and intelligent influence be introduced, breaking the grip of the spirit, the girl will die within a week. Charles Travers, arrested by Officer Arrington charged with assaulting John Jones, was dismissed.

A white man, arrested by Officers Lyles and Knight charged with being drunk and disorderly, was sent to jail for ten days.

Sadie Jackson, colored, arrested by Officer Arrington charged with assaulting Lucinda Fox, forfeited $5 by failing to appear.

Contract Signed.

The City Council of Alexandria and the Alexandria Electric Light Company, W. H. Matheus, president, and E. E. Mandeville, secretary and treasurer, today signed the contract which provides for the electric company furnishing the city with electricity. The company turned over to Mayor Paff a check for $5,000 to cover the terms of the franchise. The contract was signed by Mayor Paff on behalf of the city. A site for the new plant has not yet been selected, although representatives of the company have been here and viewed several locations. They expressed themselves as much pleased with the city and several localities have attracted their attention as suitable for the new works. As has heretofore been stated in the Gazette, the company expects to have the plant in operation by next November.

Fire Company Horses.

The Relief truck has been without horses for several weeks and will probably continue so for some time longer. There seems to be a rule in Alexandria that fire company horses must be "matches" in size, color and in every other respect (which make the cost more), though in other cities a "match" is not taken into consideration and in the language of the chief, "red, white and blue" horses are used. The horse question has always been a puzzle to many Alexandrians. Here horses said to be "worn out" are frequently sold at a low price and their purchasers use them for years and would not sell them back to the city for double or treble the price paid. A number of instances have occurred.

Charter.

The State Corporation Commission has granted a charter to the Spanish-American Drug and Chemical Company, of Alexandria. The officers are: M. Purcell, president; Rankin Mason, vice-president; Charles T. Cabrera, secretary and treasurer; V. G. Valde and J. W. Carnaham, all of Washington. The capital stock is, maximum, $50,000; minimum, $10.000.

Disorderly Washingtonians.

Several young men and young women from Washington caused considerable excitement at the electric railway station at Payne street about half-past ten o'clock last night. The escorts of the young women became engaged in a fight which brought forth distressing cries from the girls. Officers Lyles, Beach and Arrington repaired to the scene and arrested Lillian Hayes, Mary Brown, Bertha Kelly, Richard Tharp and Henry Brawner. All except the latter left $5 collateral for their appearance in the Police Court this morning. Brawner was dismissed by Justice Pelton. The others failed to appear and forfeited their collateral.

Excursions Postponed.

The Catholic Woman's Benevolent Legion of this city and Washington was to have given an excursion to Luna Park today, but in consequence of the rain it has been postponed until next Tuesday, on which day the tickets will be good.

The excursion of the Jewish Woman's Council to have been given today has been postponed on account of the rain to a future day.

Fined Fifty Dollars.

Amelia Ford, colored, who was arrested yesterday by Officer Knight for stealing sundry articles from a residence in which she was employed, was fined $50 by Justice Pelton in the Police Court this morning. She was unable to pay the assessment and was sent to jail. As has been stated, the accused was recently arrested for stealing articles from the Crittenton Home in this city.

Heavy Rains.

There were rainfalls at intervals last night, and today there have been frequent and heavy showers which choked the sewers in some places. The wind has been from the northeast and the temperature has continued sultry.

LOCAL BREVITIES.

The heavy rains are continually interfering with street work.

A report was in circulation today that a well known "Son of Rest" contemplates going to work; therefrom a petition was circulated and signed by a large number of members of that persuasion urging the aforementioned not to desert them and promising free beer if he would heed their request.

Frank Baltimore's eating house on Fayette street, between Cameron and Queen, was entered last night by thieves. They secured a finger ring, valued at $1, a bottle of pop and a pair of "soleless" shoes.

Of course the heavy rain of today was disagreeable but there has been a delightful change in the temperature and at noon the mercury stood at 79°.

FINANCIAL

A Moment of Thought

Would it not be wise for you to carry an account with this corporation? We cordially invite you to do business with us and offer you good service and 3 PER CENT. INTEREST in our Savings Department. Think this over today—Look at the men about you who had the strength of character to save. Remember the MILLIONAIRES of today wouldn't have their millions if the other people of the nation equalled them in concentration of purpose; if they took an interest in their own financial welfare. Let a few millions of men develop the same concentrated determination and YOU WILL HAVE MILLIONS OF PROSPEROUS MEN AND NO MILLIONAIRES. We solicit your account, small or large, and offer you every facility that wise, conservative bankers approve, together with absolute safety. Open a Savings Account with us at once—do so today—ONE DOLLAR will start you.

THURSDAY EVENING, AUG. 9, 1906.

Agreeable Surprise.

After an all night session the boys a husband wended his way home, arriving there at about 5 a. m. He found his wife waiting for him in the dining room, the confusion of furniture indicating that she had been having an unhappy time.

"This is a nice time for you to be coming home," snapped the wife.

"Yes," admitted the erring husband. "It's a lovely morning."

"I haven't slept a wink this blessed night," with a severe look.

"Neither have I," said the husband.

The Real Simon Pure.

"The real simon pure" is one of those phrases which every one understands and not one in a hundred could account for. Simon Pure was a Pennsylvania Quaker in Mrs. Centlivre's "A Bold Stroke For a Wife," produced at Drury Lane theater, London, in February, 1718. One Colonel Feignwell passes himself off as Simon and wins the heart of a Bristol heiress, Miss Lovely, after which the real Simon Pure turns up.

The Weather Prophet.

"How are you coming on with your new system of weather prediction?"

"Well," answered the prophet cheerily, "I can always get the kind of weather all right, but I haven't quite succeeded in hitting the dates exactly."

Great Ideas.

A great idea is usually original to more than one discoverer. Great ideas come when the world needs them. They surround the world's ignorance and press for admission.—A. Phelps.

Those are wise who through error pass on to truth; those are fools who hold fast to error.—Ruckert.

Wit in the Workbasket.

"What's the old lady doing now?" asked the stocking.

"Getting a needle and wool," replied the thimble.

"Well, I'll be darned!" ejaculated the stocking fiercely.

Her Quick Wit.

He—Your new hat is charming, but I fancy it doesn't go well with that dress. She (enchanted)—Oh, you dear old hubby, so you really mean to buy me a dress as well?

There should be as little merit in loving a woman for her beauty as a man for his prosperity, both being equally subject to change.—Pope.

Luckiest Man in Arkansas.

"I'm the luckiest man in Arkansas," writes H. L. Stanley, of Bruno, "since the restoration of my wife's health after five years of continuous coughing and bleeding from the lungs; and I owe my good fortune to the world's greatest medicine, Dr. King's New Discovery for Consumption, which I know from experience will cure consumption if taken in time. My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At E. S. Leadbeater & Sons' druggists. 50c and $1.00. Trial bottle free.

Prof. Tyler, of Amherst college, said recently: "A man can live comfortably without brains; no man ever existed without a digestive system. The dyspeptic has neither faith, hope or charity." Day by day people realize the importance of caring for their digestion; realize the need of the use of a little corrective after overeating. A corrective like Kodol For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 Kingstreet.

FOR OVER SIXTY YEARS
AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.
